- "Better Half" Tournament Sunday October 20 at 2pm. One person must be a member. Cost is \$5.00 pp, entry on noticeboard upstairs clubrooms.

PROGRESS ON REPLACING THE SURFACE ON COURTS FOUR FIVE & SIX

The Management committee has advised the supplier of 'Team Satellite' synthetic grass that we wish to have this laid. This is a grass very similar in colour, style and technical specification to that laid on courts 1-3. The agreed dates with the supplier to accomplish this task are between December 16 and January 17. This is dependent upon the weather as the ground around the court 4-6 must be firm enough to allow vehicle access to deliver the many tonnes of sand required to be laid on the grass.

ELLAR GRAPHICS

We are pleased to announce the continued sponsorship of the Ladies Caro Bowl team by Ellar Graphics. The team will be named Ellar Graphics Bucklands Beach Caro Bowl. Thanks to Rob and Lisa Roos, of Ellar Graphics for your generosity.

NEW CONSTITUTION PASSED AT AGM.

The proposed new constitution to meet Inland Revenue requirements was successfully passed at the AGM. It has since been sent to the Company Registrar for filing and has been accepted. Many thanks to Rob Voulk for his assistance in preparing the new rules of the club.

LIGHTS ON COURTS 4-6

We have arranged to have all the bulbs in lights for the above courts replaced. This should eliminate those poorly lit spots on those courts. We are now monitoring with timers, the amount of use the lights have, and so we can better manage the bulb replacement programme.

WIRE FENCING AROUND ALL COURTS.

Your committee has arranged to have all the fencing around the courts replaced during the next four months. This will not of course apply to fencing upgraded three years ago.

Happy tennis!
